## Ingestion Quality Judge

Step 1k+2 · swift thresholds

✓ PROCEED

### IQ-01 Parse Coverage

26/28 files yielded symbols (93%)

PASS

### IQ-02 Symbol Density

155 symbols across 28 files (5.5 sym/file) [threshold:  $\geq 4.0$ ]

PASS

### IQ-03 Call Resolution Rate

46/181 calls resolved (25%) · 0 low-confidence edges [threshold:  $\geq 55\%$ ]

FAIL

### IQ-04 Layer Clarity

11/38 files unclassified (29% unknown) · layers: unknown:11 domain:11 infrastructure:7

WARN

### IQ-05 Chunk Size Health

p95=60 lines across 187 chunks (min=1, max=101, median=6) [threshold:  $< 130$  lines]

PASS

### IQ-06 Graph Health

0 cycle(s) · 104/225 orphan nodes (46% orphan rate) [thresholds: cycles $< 5$ , orphans $< 15\%$ ]

WARN

### IQ-07 Embedding Coverage

225/225 chunks have embeddings (100%)

PASS

No magic numbers

STYLE

PRESENTATION

line 126

ToastView.swift

SWIFT

123

label = UILabel(frame: CGRect.zero)

```

124         label.numberOfLines = 0
125         label.font = UIFont.regular(14.0)
126         label.textAlignment = .center
127         label.textColor = UIColor.white
128         label.autoresizingMask = [.flexibleWidth, .flexibleHeight]
129

```

#### ? WHAT'S WRONG

Line 126 contains a magic number. Extract to a named constant for readability.

#### 💡 HOW TO FIX

See rule GEN002 in standards/swift.md for the required fix.

GEN002 No magic numbers

STYLE

PRESENTATION

📌 line 133

ToastView.swift

SWIFT

```

130         super.init(frame: frame)
131
132         margin = 12.0
133         offset = 2.0
134         clipsToBounds = true
135         layer.cornerRadius = 8.0
136         backgroundColor = UIColor.clear

```

#### ? WHAT'S WRONG

Line 133 contains a magic number. Extract to a named constant for readability.

#### 💡 HOW TO FIX

See rule GEN002 in standards/swift.md for the required fix.
